

The StreetSmart program offers hassle free collecting in a relaxed environment where restaurant goers are given the opportunity to add just €2 to their bill at the end of the meal or not. If you'd like to continue helping please text the word 'smart', to 57033 and your phone will be billed €2's every month. All proceeds collected go directly to Barnardos. StreetSmart is a zero profit organisation. This card was kindly sponsored by SplitMyBill.ie For further information please contact peter at peter@streetsmart.ie. To cancel the subscription simply reply 'stop', to the text.

"Barnardos works with children who are facing many challenges and who are struggling to get a good start in life. Working with such an innovative and simple programme that StreetSmart represents means that we can provide important services to the most vulnerable children in our society. We hope that you will join the appeal and make a real and lasting difference to the children we work with throughout Ireland every day of the year." Barnardos Ireland.
